This night is cold in the kingdom	So please, please
I can feel you fade away	Could you find a way to let me down slowly?
From the kitchen to the bathroom sink and	A little sympathy, I hope you can show me
Your steps keep me awake	If you wanna go then I'll be so lonely
Don't cut me down, throw me out, leave me here	If you're leaving baby let me down slowly
to waste	Let me down, down
I once was a man with dignity and grace	Let me down, down
Now I'm slipping through the cracks of your cold	Let me down, let me down
embrace	Down, let me down, down
So please, please	Let me down
Could you find a way to let me down slowly?	If you wanna go then I'll be so lonely
A little sympathy, I hope you can show me	If you're leaving baby let me down slowly
If you wanna go then I'll be so lonely	And I can't stop myself from falling down
If you're leaving baby let me down slowly	And I can't stop myself from falling down
Let me down, down	And I can't stop myself from falling down
Let me down, down	And I can't stop myself from falling down
Let me down, let me down	Could you find a way to let me down slowly?
Down, let me down, down	A little sympathy, I hope you can show me
Let me down	If you wanna go then I'll be so lonely
If you wanna go then I'll be so lonely	If you're leaving baby let me down slowly
If you're leaving baby let me down slowly	Let me down, down
Cold skin, drag my feet on the tile	Let me down, down
As I'm walking down the corridor	Let me down, let me down
And I know we haven't talked in a while	Down, let me down, down
So I'm looking for an open door	Let me down
Don't cut me down, throw me out, leave me here	If you wanna go then I'll be so lonely
to waste	If you're leaving baby let me down slowly
I once was a man with dignity and grace	If you wanna go then I'll be so lonely
Now I'm slipping through the cracks of your cold	If you're leaving baby, let me down slowly
embrace
