Paroles :

Black burn, I feel so alone  
without you boy  
now I'm here  
hanging out in the street  
thinking about reactions over actions  
walking on the sky of my dreams

Come, come, my baby come  
I will show you the world  
Come, come, my baby come  
I will cover your nightmares  
Come, come, my baby come  
I will love you forever  
Come, come, my baby come  
I will not let you go

My love, I just feel so lost  
without you boy  
I am yours even if time has passed  
Take me away  
from this impetuous world  
leaving this jail of my mind

Come, come, my baby come  
I will show you the world  
Come, come, my baby come  
I will cover your nightmares  
Come, come, my baby come  
I will love you forever

Come, come, my baby come  
I will not let you go

My soul, my soul is in Africa, with you boy

Come, come, my baby come  
I will show you the world  
Come, come, my baby come  
I will cover your nightmares  
Come, come, my baby come  
I will love you forever  
Come, come, my baby come  
I will not let you go

My soul, is in Africa with you boy  
Looking at the stars  
on this diamond sky  
giving you my smile  
so you can keep it on your mind  
floating on your blazing eyes

Come, come, my baby come  
I will show you the world  
Come, come, my baby come  
I will cover your nightmares  
Come, come, my baby come  
I will love you forever  
Come, come, my baby come  
I will not let you go
