Paroles :

I wanna take you somewhere so you know I care	And I wanna cry I wanna learn to love
But it's so cold and I don't know where	But all my tears have been used up
I brought you daffodils in a pretty string	On another love, another love
But they won't flower like they did last spring	All my tears have been used up
And I wanna kiss you, make you feel alright	On another love, another love
I'm just so tired to share my nights	All my tears have been used up
I wanna cry and I wanna love	On another love, another love
But all my tears have been used up	All my tears have been used up
On another love, another love	Oh oh
All my tears have been used up	(Oh, need a love, now, my heart is thinking of)
On another love, another love	I wanna sing a song, that'd be just ours
All my tears have been used up	But I sang 'em all to another heart
On another love, another love	And I wanna cry, I wanna fall in love
All my tears have been used up	But all my tears have been used up
Oh oh	On another love, another love
And if somebody hurts you, I wanna fight	All my tears have been used up
But my hands been broken, one too many times	On another love, another love
So I'll use my voice, I'll be so fucking rude	All my tears have been used up
Words they always win, but I know I'll lose	On another love, another love
And I'd sing a song, that'd be just ours	All my tears have been used up oh oh
But I sang 'em all to another heart
