Paroles :

You've been dressing up the truth
I've been dressing up for you
Then you leave me in this room, this room
Pour a glass and bite my tongue
You say I'm the only one
If it's true, then why you running, you running?
Ooh-woah-oah
If you're really being honest
If you really want this (ooh-woah-oah)
Why you acting like a stranger
What's with your behavior? (Ooh-woah-oah)
Say my name, say my name
If you love me, let me hear you
Say my name, say my name
I am dying to believe you
I feel alone in your arms
I feel you breaking my heart
Say my name, say my name
If you love me, let me hear you
Let me hear you
I got darkness in my head
Don't believe a word you said
Still I let you in my bed, my bed (yeah)
Got too many different sides
Got designer in your eyes
Something has to change tonight, tonight, tonight
Ooh-woah-oah
If you're really being honest
If you really want this (ooh-woah-oah)
Why you acting like a stranger
What's with your behavior? (Ooh-woah-oah)
Say my name, say my name
If you love me, let me hear you
Say my name, say my name
I am dying to believe you

If you love me, let me hear you

I feel alone in your arms
I feel you breaking my heart
Say my name, say my name
If you love me, let me hear you
Yeah, yeah
Let me hear you
Yeah, woo, woo, woo
Let me hear you
Eres candela
Let me hear you
Pa' mi única nena
Escucha como digo tu nombre
Desde Medellín hasta Londres
Cuando te llamo, la maldad responde
No pregunta cuándo, sólo dónde
Te dejás llevar, de lo prohibido eres adicta
Una adicción que sabes controlar
Y te dejás llevar, lo más caliente en la pista
Todo lo que tienes de muestra, ¿pa' qué lo dan?
Mordiendo mis labios verás
Que nadie más está en mi camino
Nada tiene por qué importar
Déjalo atrás, estás conmigo
Mordiendo mis labios verás
Que nadie más está en mi camino
Nada tiene por qué importar
Déjalo atrás, estás conmigo
Say my name, say my name
If you love me, let me hear you
Say my name, say my name
I am dying to believe you
I feel alone in your arms
I feel you breaking my heart
Say my name, say my name
